## SEWER SYSTEMS

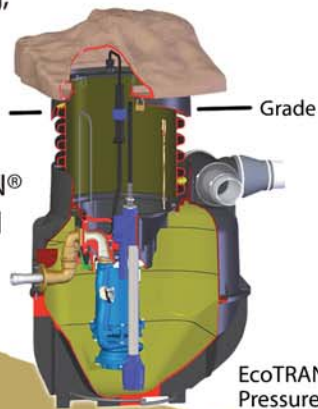

1st Place: Crane Pumps & Systems

**Effective.**  
**Economical.**  
**Easy to Install.**

The **Barnes® EcoTRAN® System** was specifically designed for residential applications with homeowners, developers and installers in mind. Aesthetically pleasing, the EcoTRAN® System offers an attractive rock-like cover in 3 different colors to easily blend into the landscape. The EcoTRAN® System is also easy to install and maintain.

EcoTRAN® Residential Pressure Sewer System

**Barnes® Omni Grind Plus™**, centrifugal grinder pump, offers higher head operation, and thus **cutting development cost** by reducing or eliminating the number of lift stations required on large projects or when connecting to distant sewer intercepts. The unit can pump up to three miles in flat terrain.

Omni Grind Plus™ Grinder Pump

**CRANE** PUMPS & SYSTEMS

420 Third Street • Piqua, Ohio 45356
